

Rishabh Tailor

Experienced in developing web based applications using MVC, C#.Net, Angular, self-motivated, result-oriented, hard working and with problem solving skills. I have a knowledge in debugging, writing efficient and reusable code that preserves privacy, security and time. Worked on Real time Web API and MVC projects.

EXPERIENCE

Ranosys Technologies, Bikaner — Associate Software Engineer

July 2019 - PRESENT

Established as an associate software engineer to acquire a rewarding and responsible position in a growth oriented company. Started developing applications first in .Net MVC, Web API and Angular with the help of Visual Studio 2013, 2109 and SQL Server Studio 2017 with proper coding guidelines and architecture, working with all sincerity in teamwork and maintaining corporate responsibility & ethics.

EDUCATION

Rajasthan Technical University, Kota — B.tech

Aug 2015 - May 2019

Completed B.tech in Computer Science Engineering with 71.36 % aggregate.

PROJECTS

AMOS Customer Portal — Ongoing

Role - Associate Developer

This is an Angular based inventory system developed for the customers of AMOS to keep track of their inventory and orders from different suppliers. Created the API backend from scratch along with the database schema.

ILink @ SBST Mobile Application

Role - Associate Developer

This application is the fault report system for the rail lines in SBS transit, Singapore. Created the API's for couple Modules and worked on the database. File sharing was done between two different networks.

MTV Crunch - Movie Reviews & Database

Personal Project

A basic MVC project containing information about Movies & Tv shows, their reviews, summary and ratings given by the users. Created the Frontend UI from scratch using HTML and CSS. Developed using packages like ADO .NET, Membership from scratch. Also recreated this project in Angular 8 and Web API.
